Please send email to ==accahsk@acca-web.org== if you have any questions about the exam registration.

Equipment Requirements :
1. Please check whether the computer, software configuration and network meet the exam requirements and the standards
(1) Computer: Windows (7/10) operating system, the recommended screen resolution is 1440*900 or higher (the minimum setting is 1366*768 or higher)

(2) Internet: download the Chinese network test client, test the network speed. Please do

not register if it cannot reach to 150KB/s and above. Download link: https://test.chinesetest.cn:36165/client.html

(3) Camera: The room is well-lit, and the camera is clear;
A. The test computer must bring or prepare an independent high-definition camera (more than 300,000 pixels),
B. A mobile phone with a camera downloads the software designated by the local test center.

(4) Enter the designated meeting room one hour before the start of the test, and place the mobile phone 1 meter behind the left or right, so that the examiner can see the computer screen and the examinee.
A. The examiner can view the examination environment of each examinee and the certificates used for registration through the designated software 360 degrees.
B. Candidates need to connect their mobile phone to the WIFI network and turn on the "airplane mode".
C. The camera phone must have sufficient power to ensure that it does not shut down during the entire test.

5) Earphone: Clear sound, good sound insulation effect. (6) Test environment: The test should be conducted independently in a safe, closed, and interference-free room, and it is prohibited to conduct the test in open places such as parks, Internet cafes, and restaurants. Computers, keyboards and other test supplies must be placed on the desktop. During the test, no one else is allowed to enter or leave the room. There should be no test prohibited items in the test room. Once the test record is violated, the test result will be invalid.

2.There is no need to use manuscript notes for home network exams. During the exam, it is prohibited to copy and record test questions with paper, electronic equipment, etc.;

3. In order to ensure the safety of test operations, Chinese Test International or third-party Chinese test centers may need to collect test-related information from you, including: name, photo, certificate information, and monitoring audio and video records during the test. We will only collect and use these types of personal information within the scope permitted by law and when necessary for Hankao International's legitimate business purposes (such as maintaining exam security).
